Re: Payroll Deduction Authorization

The Thunderbird Foundation was established in 1999 to create and support educational programs and life-long learning opportunities for students. The Foundation supports academic achievement in the GFW School District and communities.

GFW employees may contribute to the Thunderbird Foundation automatically through a payroll deduction each pay period. Donations can be designated to a specific program or be undesignated.

The payroll deduction method is a convenient way for each employee to contribute to the Foundation. Contributions are tax deductible.

Please fill out the enrollment form below and return it to the business office. Implementation of this deduction would take place approximately 4 weeks after enrollment.
