

Dear GFW Students and Families,

In the event that school is closed due to bad weather after two missed school days, GFW may participate in a Flexible Learning Day. Enclosed is a packet of activities aligned to classroom curriculum for students to complete at home on these days. Here are some important things for you to know:

Please put this packet in a safe place. You will need it when the weather gets bad and a Flexible Learning Day is announced via the GFW website.

- Students are to select 5 activities. Please note that each of the columns has a “create your own box” too, so that families can get creative!
- Cross off each activity as you finish it. Once the 5 activities are complete, parents will sign the Flexible Learning Day Recording sheet.
- Students will return the signed sheet the following day and share what they did with their classmates. It is very important that students return their signed sheet in order to get credit for attendance on a flexible learning day.

Teachers can be reached via their school email between the hours of 9am and 3 pm. Links to the packets can be found on the district website: gfwschools.org. In the event that school is called for a subsequent day, just select 5 more activities from the grid and repeat the process outline above.

We are excited to use our Flexible Learning Day as an alternative to missing out on a day of learning and making up “Snow Days” in the spring. If you have any questions regarding Flexible Learning Days, please don’t hesitate to contact us. As always, thank you for partnering with us in your child’s education.

Sincerely,

Mrs. Alfred
